VCOSS CONGRESS 2009

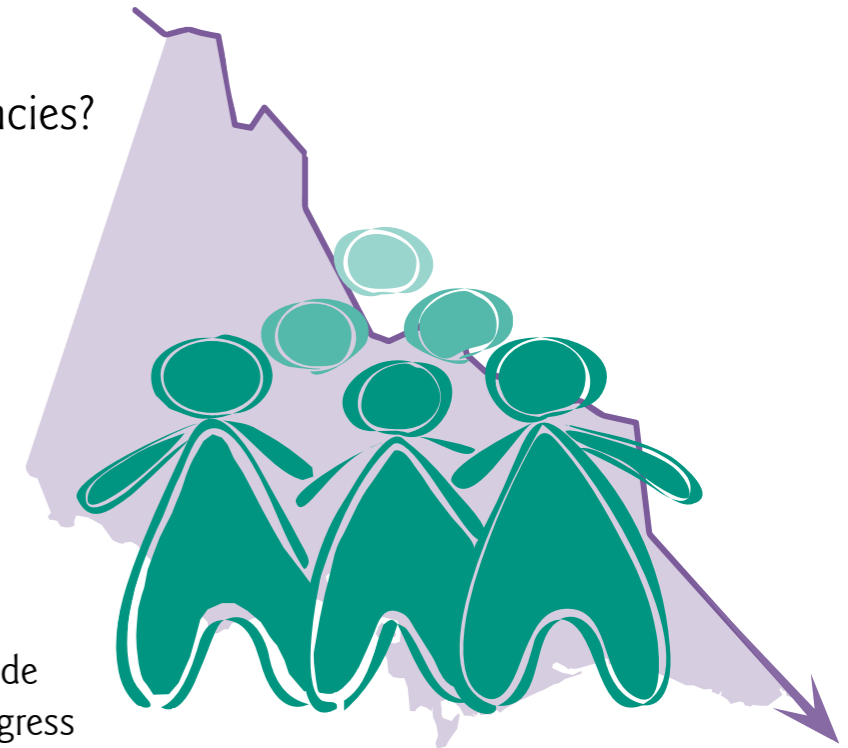

Protecting Social Equity When The Going Gets Tough

Thursday 6 August and Friday 7 August
RACV Club, 501 Bourke St, Melbourne

VCOSS Congress 2009 will explore the challenges and opportunities for promoting social equity during the economic downturn.

- What are the impacts for community and social agencies?
- What are the new areas of need?
- What prospects might emerge from these challenging times?

The aim of this two day conference is to address contemporary policy and practice challenges posed from outside, inside and across the sector. VCOSS Congress 2009 combines thoughtful and intelligent analysis from local and international presenters with practical workshops and cross-sector networking opportunities. VCOSS members, government and not-for-profit policy-makers, community sector leaders, academics, and philanthropic organisations will come together to chart new directions for promoting social equity in our changing environment.
