

‘ the reward you get when you share a new experience with a child ’

Wahneema Lubiano

Qualified Child Care Teacher

Powlett Reserve Children’s Centre

What I do: I am responsible for the care of children from babies up to two years old. I care for up to ten children a day, setting up activities, preparing routines and documenting what the children do.

What I love about my job: The best thing about my job is the reward you get when you share a new experience with a child, and the privilege you feel from the smiles and hugs, and getting paid to be a big kid!
